Past Events

January 17, 2007**Networking Reception and Presentation with Boston Realty Advisors***"Building The Team And The Business"*

The Babson Alumni Club of New York, in conjunction with support from Babson College, was thrilled to provide over 100 alumni, current students, parents, and friends of Babson with the opportunity to hear and interact with another panel of distinguished entrepreneurs at the Harmonie Club. After enjoying the open bar and hors d'oeuvres during the networking portion of the event, we received an update from Mark Rice, Murata Dean, F.W. Olin Graduate School of Business, and learned from the partners of [Boston Realty Advisors](#), Michael Lorber '01, Jason Weissman M'03, Paul Bernon, and William Catlin Jr. how they formed their dynamic business, as well as their business plans for New York and beyond.

The Executive Committee for the Alumni Club of New York is continually seeking to add interesting and informative events like this one to the calendar and welcomes any and all input for future events. Suggestions may be emailed to James.Burnham@Babson.edu.
